PLACES COLLECTION BY GILDI EYEWEAR

## Explore the world with every look

At [Gildi Eyewear](#), the **Places** collection is a tribute to destinations that inspire adventure and connection with nature. Inspired by the immensity and mystery of the Amazon, this line combines the warmth and versatility of **acetate** with the strength and lightness of **stainless steel**, giving life to frames that combine style, comfort, and durability.

Each model—Zaruma, Usulután, Tepic, Amatitlán, and Nazca—tells a unique story: Zaruma, with details that evoke cultural richness and tropical warmth; Usulután, strong and determined like volcanic lands; Tepic, elegant and serene like a view of the horizon; Amatitlán, vibrant like the waters that reflect the jungle; and Nazca, mysterious and timeless, guiding the gaze toward new horizons.

[Places](#) turns mounts into a passport to unique and memorable experiences.
